

Skills for Life, Learning and Work

There has been steady progress at developing skills for life, learning and work at Wallace Hall Academy. In almost all courses, pupils are given support in developing their learning skills. These are reinforced through topic work in PSE, with many outside agencies, partners, local businesses and parents involved. All staff have been trained in the key themes around career planning and developing our young workforce. We are also using the business partners to help develop the 11 key employability skills:

- Communication and Interpersonal Skills
- Problem-Solving Abilities and Initiatives
- A Positive Work Ethic
- ICT Skills
- Numeracy Skills
- Literacy
- Valuing Diversity and Difference
- Working Under Pressure and to Deadlines
- Organisational Skills
- Team Working Skills
- Customer Service

Purpose of the Curriculum S4-S6 – The Senior Phase

By the end of the Junior Phase (S1-S3) most pupils will have benefited from a wide range of learning experiences through the Broad General Education. They will have progressed at different rates and many will have reached high levels of attainment and achievement. Almost all pupils will have covered most of the third level Experiences and Outcomes and many will have covered those at fourth level. Many of the students will have also achieved awards through Duke of Edinburgh, Saltire, Youth Achievement, YASS and Employability. Students requiring additional support will have covered a number of early, second and third level experiences and outcomes appropriate to their individual needs and circumstances. They will have built a strong platform for life-long learning and for a successful transition into the senior phase and ultimately towards further and higher education, employment and other sustained destinations.

The purpose of our senior phase is:

- to enable all pupils to undertake a range of national qualifications at the appropriate level to ensure progression into a positive destination
- to further develop the knowledge, skills and qualities to support our pupils to take a meaningful and worthwhile place in society
- to further develop the skills for life, learning and work
- to experience opportunities for personal development and achievement
- to experience challenge and success
- to encourage an active and healthy lifestyle
- to support planning for their future lives, careers & learning

S6 Personal Development

In S6 students will choose four options – from any curriculum area / subjects / skills for work courses / college courses / achievement awards programmes. They will also opt into committees that look at charity work, social events, Young Enterprise, publicity and the new 'Ausi' Elective. Other opportunities include completing Open University courses and experience of work placements. Pupils are also encouraged to take on leadership roles such as being part of a Prefect Team or a House Captain.

Key Features/Existing Strengths

- S4-6 are timetabled as one cohort to allow for greater opportunities in terms of choice and meeting individual needs.
- At end of S4, pupils will sit National Qualifications in seven subjects. Pupils also do 2 periods of core PE, and 1 period of PSE and RMPS.
- In S5 & 6 pupils choose five subjects to study (National 4/ National 5/Highers/Advanced Highers/ YASS/Vocational courses).
- We offer a wide range of vocational courses including Rural Skills, Childcare, Forestry, Practical Woodwork with Construction Skills, Motor Vehicle Mechanics, Travel and Tourism, Hospitality, Care and Reablement. Some of these vocational courses are delivered as part of a link programme with Dumfries and Galloway College.
- Our senior phase model helps to ensure that all young people have the best possible opportunities to move onto positive and sustained destinations. Before any young person leaves Wallace Hall Academy, they are provided with interview training, mock interviews, help with application forms, an experience of work placement and support in developing our 11 key employability skills.

Wallace Hall Academy Senior Phase Rationale

National Improvement Framework

The vision for Scottish education is that we have:

- Excellence
- Equity

Our priority areas to develop this are:

- Improvement in attainment, particularly in literacy and numeracy
- Closing the attainment gap
- Improvements in Health and Wellbeing
- Improvement in employability skills and positive destinations

We will achieve these by supporting and improving:

- School leadership
- Teacher professionalism
- Parental engagement
- Assessment of children's progress
- School improvement
- Performance information
