Dear Parent/Carer

## WHOLE SCHOOL

There remains a high number of positive cases in Scotland and in Dumfries & Galloway. We continue to have a number of positive cases in our school community so it is important that we all continue to comply with current measures including testing and isolation.

Due to the rise in positive cases the First Minister announced on Tuesday that the lifting of some of the restrictions previously planned for 21<sup>st</sup> March has now been delayed. The current mitigations in school will certainly continue up to the Easter break and we will let you know when we know when any changes will be brought in.

### **Testing**

As we are still required to carry out regular testing, can we please ask you to ensure that all test results are being registered on the Scottish Government website:

<https://www.gov.uk/report-covid19-result>

However, the First Minister announced this week that schools will no longer receive deliveries of Lateral Flow Device kits after the Easter holidays. This means that secondary pupils and staff members will no longer be able to receive these kits through the school.

We would appreciate it if all parents could ensure their children are following the mitigations still in place in school to help protect themselves and others.

We have removed the generic advice from this email but it can now be found on our website on a separate document. You can access it by clicking on the following link:
