"Together we grow, learn and achieve"

Head Teacher: Barry Graham

September 2021

Dear Parent/Carer

Study Support Classes for National 5, Higher and Advanced Higher

I am pleased to enclose details of the extensive study support programme once again on offer this year to students sitting national exams at Wallace Hall Academy. As the school community continues its recovery from the pandemic, staff are offering our learners the opportunity to receive additional help with a wide range of subjects every week, both at lunchtimes and after school. We believe that ensuring pupils catch up, address any difficulties early, and make an early start with their revision, will help us give our young people the best chance of success in the National Qualifications next spring.

Students may attend as many of these study classes as they wish, and they may of course choose to attend different subjects each week. Teachers will be happy to tailor the work of the group to the topics requested by students, or to go over any aspect of classwork or homework which a student is finding challenging. I would strongly encourage every student to take up this opportunity to receive extra support with their subjects, and to do so from an early stage.

Our teachers are more than willing to give up their own time to offer this support, and it is important that any student who feels they need extra help takes up the opportunities being offered. We would appreciate your support in encouraging your son/daughter to attend these classes whenever they feel the need of help with catching up, extra explanations, support with homework, or practice exam questions. Students are welcome to join in at any time.

Unless indicated otherwise, all of the classes will be running from **Monday 20 September** until further notice. If you need further information about our study support programme, please contact me at the school.

Yours sincerely

Mrs J McMillan
Principal Teacher
